### THEY WILL FIGHT.

The Wheeling Stockholders in the Brilliant Tube Works

### HAVE SECURED AN INJUNCTION

Restraint on the Assignee and President Jackson from Disposing of Property of the Concern—Attorneys Hubbard and Dunbar Leave for Steubenville to Contest the Assignment—The Case Promises to be an Interesting One.

As exclusively foreshadowed in yesterday's *Intelligencer*, the Wheeling stockholders in the Brilliant Tube and Pipe Works, of Brilliant, Jefferson county, Ohio, will contest the legality of the assignment made by President Jackson and Secretary Hackett last Monday. Yesterday afternoon the first step was taken in the local courts and it will be followed up by proceedings in the Jefferson county courts. The action taken in the circuit court of Ohio county was before Judge Pfull, in chambers, early in the afternoon. Messrs. William P. Hubbard, of this city, and Mr. Dugbar, of Steubenville, appeared in behalf of the four Wheeling stockholders, Messrs. Joseph Spedel, George K. Wheat, William F. Stifel and W. B. Simpson. The claim was made that the assignment by the officers of the Brilliant Tube and Pipe Works, enjoining the officers Jackson and Hackett from selling, conveying, disposing of, removing or interfering in any manner with any property belonging to the Brilliant Tube and Pipe Works, was illegal. Secretary Hackett and Assignee McAlister, who was appointed Monday by the court in Steubenville.

Messrs. Spedel, Hubbard and Dunbar left on the 3:35 Pan Handle train for Steubenville to see to the serving of the injunction papers and to take any other steps necessary to oppose the assignment.

The following telegram from Steubenville was received last night: "Attorney Hubbard has not been in the city yet. Attorney Dunbar says he went to Buffalo. The court house officials are expecting something to be done, but there are no developments yet."

THE BEST NATURAL APERIENT WATER.

Bottled at the UJ HUNYADI Springs, Duda Pest, Hungary.

Considering the nature of the Hungarian Bitter Water Springs, it must obviously be desirable for the medical profession and the public to be assured authoritatively that the working of these Springs is carried on in a scientific manner, and not merely on commercial lines, and with this view the Uj Hunyadi Springs, from which "A-penta" Water is drawn, are placed under the absolute control of the Royal Hungarian Chemical Institute (Ministry of Agriculture), Duda Pest.

### AN OLD WHEELING MAN.

Death of John G. Smith at Kalamazoo, Mich.—Lived Here Eighteen Years.

The Kalamazoo Daily Telegraph has the following account of the death of an old Wheeling man: John G. Smith, died Tuesday evening, at 8:25, of meningitis, at his home, 515 Locust street. His age was seventy-six years. Mr. Smith was a member of the Disciple of Christ church, but was formerly a member of the Methodist church. He was born in Harrison county, Ohio, January 25, 1820. His father was born in Virginia and went to that county when it was an Indian wilderness. His grandfather was an early settler in Virginia and married a Miss Wells, of the family who laid out the towns of Wellsburg, Va., Steubenville, Ohio, and Wellsville, Ohio. Mr. Smith's father served through the war of 1812.

Mr. Smith was truly a self-made man, as he never attended school a day in his life. He was married in 1840 to Henriette Powelson, of a wealthy Virginia family, and from this devoted wife he received his education. When fifteen years of age he was apprenticed as a shoemaker and served for four years at his trade. He was in his successful days liberal to those who appealed to him. He leaves a widow, his third wife, and three children, J. W. C. Smith, Joseph W., both of this city, and Mrs. Isabella H. Faupel, of Lima, Ohio, whose daughter Lillie, on July 28, was not expected to live. Miss Gladys Smith, of Kalamazoo, is a grand-daughter, as are also the Misses Smith, of Chicago, the musicians, formerly of this city. Mr. Smith came to Kalamazoo in 1880, from Wheeling, W. Va., where he had lived for eighteen years. He served for years as a member of the first branch of council of Wheeling, and held their positions of trust. He was a Royal Arch Mason. The services will be held at 8 o'clock this evening at the family residence and Rev. C. M. Keene will officiate, assisted by Rev. J. S. Boyd. There will be singing. The remains will be taken to-night to Coshocton, Ohio, by his son, J. W. C. Smith. Interment will be at that place on Friday, where the Masons will have charge of the service.

### ONE MAN KILLED

And Two Seriously Injured by a Falling Baltimore & Ohio Trestle at McMechen Yesterday.

A sad accident occurred yesterday afternoon about 2 o'clock at McMechen, on the Baltimore & Ohio line, six miles below the city, by which one man loses his life and two others are seriously injured.

The trestle that leads across the Baltimore & Ohio tracks, at the slope of the railroad has been weak for some time, and yesterday a gang of workmen were at work, repairing the structure. At the hour mentioned the trestle collapsed without the least warning and the workmen were precipitated to the ground.

William Welling, a bridge carpenter, from Cameron, in Marshall county, was almost instantly killed, being badly crushed by the falling timbers. His body was removed to the undertaking establishment of Becker & Zimmermann, in Benwood, where it was prepared for burial and will be sent to relatives at Cameron.

The injured are Elias Shriver, of McMechen, injured about the left hip and lashed all over his body, will recover; James Malcolm, of McMechen, right leg broken and bruised considerably. They were moved to their homes in McMechen.

### THE LAST NIGHT.

Dockstader's Minstrels will be Seen at Mozart Park To-night for the Last Time. A Good Show.

To-night Dockstader's minstrels will be seen for the last time this season at Mozart park and the final performance will no doubt be seen by an immense crowd. During its stay here the company has made a great hit and has been seen by a large number of the amusement-loving people of Wheeling. The acts are all new and worthy of the highest praise.

The first part is very attractive and in it are introduced some very clever minstrel talent. Jim Taggart is as funny as they make 'em and Mr. Dougherty has a splendid voice, which he knows how to use to the best advantage. One member of the company that has made a hit and who has so far escaped special mention in the press notices is little George Jackson, the ten-year-old colored lad who so cleverly does the buck and wing dancing. He is undoubtedly one of the best and youngest wing dancers ever seen in Wheeling and is a great favorite everywhere he goes. He has been with Mr. Dockstader for a long time and has toured Germany, France and England, as a member of Dockstader's troupe and speaks several languages.

The company will go from here to Cincinnati, where it will fill a six-week's engagement at Chester Park.

### "CIRCUS IS COMING."

Robinson's and Franklin Brothers' Big Show on Monday.

The coming of the John Robinson and Franklin Bros.' combined shows to Wheeling on August 10 will be a treat to the citizens of this entire community. The Robinson shows have delighted American amusement lovers for more than three generations, and the Franklin Brothers are the founders of the new school of American showmen. In combining and organizing their shows for the season of 1896 they have spared no money to secure the very best for every department. A glance at the list of celebrities under their control will convince the most skeptical that they have been amply rewarded for their lavish outlay, for they are the best in the world in their various lines. The horses, many of them imported, are models of horse-drawn, while the stunts of trained horses do everything but talk. They will appear at every performance with their original trainer. The Duryea motorcycle, the horseless carriage, is to be seen only with these great shows. A royal troupe of Japanese, imported expressly for this
